

BIOSTOP® sticky fly trap is a non-toxic sticky pad for flies and other flying insects. An up-to-date version of traditional fly traps.

ACTIVE INGREDIENTS:

None

PHYSICAL PROPERTIES, APPEARANCE:

Yellow sticky pad with hanger

AVAILABLE SIZES:

80 x 500 mm and 250 x 600 mm

TOXICOLOGY

As this trap does not contain any toxic insecticide, it is environmentally safe.

ADVANTAGES:

- A non-toxic sticky pad, completely safe for the environment, does not contain any toxic insecticide.
- Suitable for fly control even in areas where insecticide application is prohibited.
- The glue remains effective for a long time.
- The special sticky pad of this special trap developed and tested in the laboratory and field attracts flies very efficiently.
- The novelty of the product is having a double attractivity feature: colour, graphic design and incorporation of house fly sex pheromone.

STABILITY:

It can be stored in original package in a cool, dry and dark place for 2 years.

PRODUCT FOR PROFESSIONAL AND AMATEUR USE

**EXPIRATION PERIOD:
2 years**

PACKING:

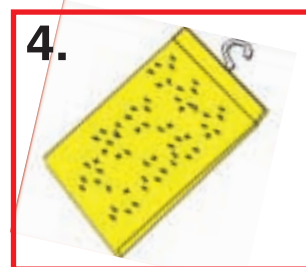

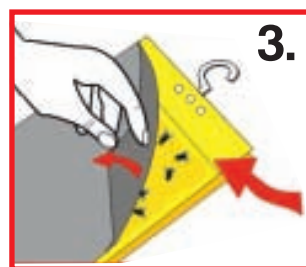

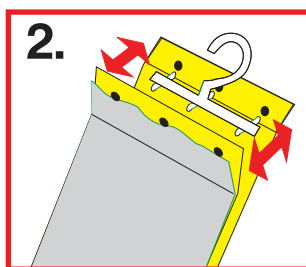

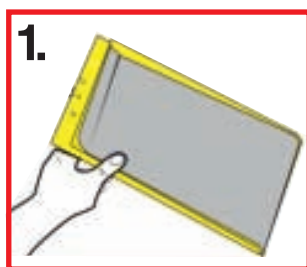

| | | |
|---|--|---|
| KS-16004  |  12 x 2 traps/box |  60 cartons |
| KS-16008  |  10 x 4 traps/foil |  32 cartons |

DIRECTIONS FOR USE:

- Remove the protective foil from the adhesive surface.
- Place the appropriate part of hanger into the holes on the edge of the cardboard pad.
- Fold the trap leaving the sticky surface outside, then fix the pad to the other part of hanger.
- Hang up the traps to sites most frequented by flies.

The distance between traps should be 2-4 m. It is recommended to place the traps at different heights. Try to place the traps to dust-free sites, away from direct sunshine. Check and replace the traps regularly if full of insects, contaminated or in use for longer than one month. These traps can be thrown to the trash.

USES:

Hang up the trap to sites most frequented by flies like the chandelier in a room or near farm animals.

WARNING:

This product can be used according to the directions for use and by keeping the general safety regulations pertaining to such products. Do not touch the sticky surface by hand! Wash hands after use.
